

QHSE ADVISOR

As NextGeo expands, we are being awarded more and more key projects; therefore, we are looking to recruit a permanent member of staff to our QHSE team supporting offshore projects in the marine survey industry.

We can offer you great personal growth opportunities, exciting projects, an extremely accessible senior leadership team, and a fun yet professional working environment as well as the chance to travel (flexibility is a must). NextGeo boasts a comfortable working environment 15 minutes' walk from Norwich City centre with ample parking.

We are looking for a NEBOSH qualified QHSE professional. Although not essential, you will ideally come from a marine background with an internal auditor qualification 19011. You will also need to live within commutable distance of our Norwich office.

You will need to demonstrate experience in the following areas:

- 3 years working within oil and gas or renewables service environment
- HSE plans, risk assessments, and emergency response plans
- HIRA meetings with clients
- Accident and incident investigations
- A working knowledge of the principles of ISO 45001, 9001 and 14001
- Working with auditors such as Lloyds, DNV and Achilles
- Carrying out internal and external audits (a qualification would be beneficial)
- Good knowledge of HASAWA legislation
- Information management system (IMS) knowledge
- Carrying out inductions and toolbox talks both to staff and contractors

You will also be expected to join and contribute to close out, kick off and lessons learned meetings.

We are a multinational organisation with different cultures and beliefs and team fit, as well as technical competence, is extremely important to us.

To apply please submit your CV to recruitment@nextgeosolutions.com using the subject title:

QHSE 003/22

Closing date: Friday 15th July 2022.
