28/04/2023**

Competitive salary

We can offer you great personal growth opportunities, exciting projects, a chance to travel, an extremely accessible senior leadership team, and a fun yet professional working environment with ample parking just 15 minutes' walk from Norwich's city centre.

In return, we are looking for a NEBOSH qualified QHSE professional. Although not essential, you will ideally come from a marine background with an internal auditor qualification 19011. You will need to live within commutable distance of our Norwich office.

You will need to demonstrate experience in the following areas:

- Working within oil and gas or renewables service environment (3 years)
- HSE plans, risk assessments and emergency response plans
- HIRA meetings with clients
- Accident and incident investigations
- Working knowledge of the principles of ISO 45001, 9001 and 14001
- Working with auditors such as Lloyds, DNV and Achilles
- Carrying out internal and external audits (a qualification would be beneficial)
- Working knowledge of HASAWA legislation
- Information Management Systems (IMS)

You will also be expected to join and contribute to close out, kick off and lessons learned meetings, as well as carrying out inductions and tool box talks both to staff and contractors.

We are a multinational organisation with different cultures and beliefs therefore, team fit as well as technical competence is extremely important to us.

To apply please send you CV to recruitment@nextgeosolutions.com using QHSE 006/23 as the subject heading.
